PROGRAM**

VEHICLE SANITIZING PROGRAM

In regards to the 2019 novel coronavirus (SARS-CoV-2), which caused the recent outbreak of respiratory illness first detected in Wuhan City, Hubei Province, China and continues to expand globally, EPA has confirmed that the 2019 novel coronavirus (SARS-CoV-2) has met the conditions outlined in EPA's emerging viral pathogens guidance and has triggered the emerging viral pathogen policy.

We have designed a sanitizing program that meets the need to eliminate the threat.

UNISEAL Vehicle Sanitizer is a phosphate-free, pH neutral formulation designed to provide effective cleaning, deodorizing and disinfection for vehicles.

VEHICLE SANITIZING PROGRAM

This product is a one step neutral disinfectant that is effective against a broad spectrum of bacteria, is virucidal* and inhibits the growth of mold and mildew and their odors when used as directed.

UNISEAL Vehicle Sanitizer is formulated to disinfect upholstery hard non-porous, environmental surfaces: floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, vanity tops, shower stalls, bathtubs and cabinets.

Lemon Scent

- CLEANER
- DETERGENT DISINFECTANT
- DEODORIZER
- VIRUCIDE
- FUNGICIDE
(against pathogenic fungi)
- MILDEWSTAT
(on hard, non-porous, inanimate surfaces)

VEHICLE SANITIZING PROGRAM

Uniseal Dealer Services is committed to providing excellent service and innovative solutions for all its customer's needs. In these trying times we all need to do our part in stopping the spread of COVID-19 and flattening the curve.

Uniseal Vehicle Sanitizing Program is a multi-step process:

- Remove outside plastic, clay vehicle if needed to remove rail dust and other imperfections to the paint finish
- Removal of adhesive
- Hand wash entire vehicle including wheels and tires
- Chamois dry
- Apply paint sealant to protect vehicle while on the lot
- Dress tires and wipe down wheels
- Remove inside plastic
- Wipe down dash
- Spot clean carpet, seats, vinyl and leather
- Wipe down door jams
- Vacuum inside vehicle
- Clean windows inside and out
- ***Application of our EPA approved sanitizing and disinfecting solution to eliminate the threat of any viricidal, bacteria, mold and mildew hiding on the surface.***
